CONCEPT

India is full of talented, energetic and dynamic persons but their talent goes to waste and energy is misused by the anti-social elements. If proper education-vocational orientation, guidance, opportunities and environment through inspiration are provided to them their talent & energy can be utilized for the development of the country through new inventions, discoveries, research, innovations and production to achieve the real goal of education means complete vocationalization of education. Every Field of Specialization has various aspects of Self-Employment Opportunities, if properly innovated. At every stage a number of self-employment opportunities can be created and developed in every field even from the evolution of idea to the final stage of representation in public, In other words, for planning to marketing of products and services, different types of services are required. Every field of Specialization needs Planners, Consultants, Specialists, Production Staff, Administration, Coordinators, Surveyors, Publicity and Advertisement Experts, Promotion and Marketing people. Various Allied & Related Skilled Workers are Needed in every Field of Specialization.

Delhi

Objectives

Vishwakarma University For Self-Employment, India is conducting various Self Employment Training Courses & Consultancy Services to Generate Self-Employment opportunities through its Affiliated Institutions All Over India.

The VOUSE has Developed a System of Unique Curriculum for the Trainees of Various Courses for Developing Self-Curriculum & Skills through Self-Study and Field Experience.

The Objective of the University is to introduce New Orientation to Vocational Education to make it more Relevant to meet the requirements of our country. The VOUSE is dedicated to the Development of the New Professional Dimensions, Generation and Propagation of New Practices and Ideas, which are Feasible in the Related Field of Specialization.

Delhi

History

With the increasing out-turn of students from our educational institutions, an increase in the trend of educated unemployment has been observed. In fact, unemployment among the educated youth is reaching at alarming proportions.

Government will find it difficult to provide wage-paid employment to the entire student population, passing out from our Schools, Colleges, Universities and Institutions of higher learning. Therefore, considerable emphasis must be laid down on provisions of Self-Employment and Self- Placement Opportunities, so that more and more of our young Boys and Girls can create their own Jobs for their livelihood. Besides this Skill Based Professional Training Courses have been designed to meet the requirement of trained, efficient, skillful staff and workers in Industries and Business Establishments.

Therefore, to encourage this trend, the University has formulated special program for the training of prospective entrepreneurs. These training courses can be profitable pursued by persons interested in setting-up their own Venture/Trade or Eager to Work in Industries or any other Business Organizations .

Apart from Institutional Training, emphasis is laid down on Visits of Trainees to Establishments & Business Houses and Interviews with the Experts, Specialists, Professionals and Skilled Workers of the Related Field of Specialization on the basis of Prepared Questionnaire to know about their Work Profile, Professional Working and Professional Hazards to Prepare

Work-Reports, so that they can have an insight into the Working of such Establishments before they enter the Profession. Trainees collect all Information of the Particular Trade, Collect Data, Facts and Figures .Classify and Categorize the collected Data. On the basis of collected Data . Idea is Developed .Concepts are Formulated to Work-Out in the Related Profession Skillfully and Successfully.

Training Pattern

Vishwakarma University For Self-Employment, India Innovated Methodology to Impart Skill Oriented Education and to Provide Practical and Intensive Training in various Trade Diploma Courses and Short Term Consultancy Services under Self-Employment Promotion Program. Young Boys and Girls can complete the training regularly or at their place of residence by means of correspondence course successfully. The trainees who are interested to complete course by correspondence, the Institute provides the text material regularly to them by post. The trainees are instructed to visit the institutions situated in their area for their field work, practical training and experience. This training is imparted in both Hindi and English Medium. The educational qualifications for these courses are Matric, Senior Secondary (10 +2), Graduate, Post Graduate.

Special Trade Test have been designed for those who are interested in these courses but do not fulfill the minimum qualifications. Such candidates are admitted to these courses. If they are found to have appropriate aptitude and professional ability and vocational talent in the desired/related course. There is no need to come to the Institute for taking the final examination but under new education system and education pattern, the trainees are facilitate to take examination and to write & prepare Project Report for the Trade/Business to be started to set up their competency in the trade at their own city place. The aim of this system is to provide vocational skills and talent to get employment in their own areas and not to waste energy and time in

wandering here and there, in far—off places in search of employment and can have employment opportunities while living along with family. The main of this system is to co-relate the education strictly with in such a way that education can be made useful for life by developing multi-dimensional talent through Vocational Education. Diploma Courses are useful for those who are academically weak and have Skills, Talents and Aptitude in any field of specialization and left education or also for those who are studying in schools, colleges or other Institutions.

They can join diploma as per rules of VOUSE. Trainee can start one trade under full guidance advice & direction of the VOUSE as per convenience of the Trainee, during the training period as a part of the diploma course. The VOUSE will provide full information, resources, trade secrets and step by-step guidance and advice of the concerned trade. Trainee can consult experts in the Institution personally or by post. The trade will be selected on the basis of the questionnaire and information furnished by the trainee keeping in view of the present man-power, sources, money, time and individual health and talents of the candidate. The institute will start the trainee to work in the trade at his or her place of residence. The trainees will have to visit Institutions established in their own area for field work, practical training an experience as per direction of the VOUSE
